Four Seasons, Five Senses Discover Adelaide Hills Wine Region

Leave Adelaide and within 20 minutes you are in the beating heart of the Adelaide Hills Wine Region. The exquisite wines of this region are crafted through the year by the unfolding of our four distinct seasons.

In spring the sleeping buds on the vine awaken and send out the first tender leaves and grape flowers as lambs play in the paddocks and the cherry orchards blossom. Our flagship wine Sauvignon Blanc is released, capturing the essence of the harvest just 6 months earlier.

In summer the hillsides are contoured with fresh green as the vine canopy grows and the grapes swell. Come up for air - the skies are blue, but the nights are cool. Discover the incredible diversity of wines produced, from Albarino to Zinfandel. Linger over lunch at one of our winery restaurants, or seek out some of the smaller cellar doors where you can meet the winemaker, discover the story.

In winter the mists roll through the bare vines as the pruners prepare for another year. Come and see the Adelaide Hills at its most intimate and mysterious. Relax in front of the fire with one of our sensuous Pinot Noirs or enjoy an elegant Shiraz with a meal.

The warm days and crisp nights of autumn make the oaks blaze red and the vines turn to pure gold, reflected in the colour of our signature Chardonnays. The grapes are harvested and the smell of the crushed fruit fills the valleys.
